

INVITATION

The University of Life Sciences "King Mihai I" from Timișoara is pleased to invite you to participate in the 9th edition of the International Multidisciplinary Conference on Sustainable Development, which will be held on

21-22 May 2026

The conference covers a broad range of topics in the life sciences, including agriculture, horticulture, biotechnology, forestry, veterinary medicine, environmental engineering, geomatics, agro-food processing, agricultural management, and animal husbandry. Its main objective is to provide a stimulating framework for the presentation of recent research results, innovative ideas, and emerging concepts, as well as to encourage interaction and the exchange of experience among participants.

Conference participants will have the opportunity to publish original contributions derived from their presentations, by choice, either in the

Advanced Research of Life Sciences Journal

(<https://reference-global.com/journal/ARLS>)

or in one of the conference section journals indexed in international databases.

**On Behalf of the organizing committee,
we cordially invite all of you to participate!**

Rector,
Prof.dr. Cosmin Alin POPESCU

Vice-rector,
Prof. dr. Kalman IMRE

20 MULTIDISCIPLINARY
26 CONFERENCE ON
SUSTAINABLE
DEVELOPMENT

www.arls.ro

The International Multidisciplinary Conference on Sustainable Development brings together experts and researchers from over 25 countries, promoting interdisciplinary dialogue and international collaboration in the field of life sciences.

Participants may present their work through oral presentations or poster sessions, benefiting from a friendly, multidisciplinary, and scientifically engaging environment. The conference program will also include keynote lectures delivered by internationally recognized scientists working in areas related to the conference sections.

AGRICULTURE

Trends in European agriculture development

www.rjas.ro

TOPICS:

Agriculture, Environmental engineering, Geomatics, Biology, Plant protection, Agricultural machinery

ENGINEERING AND APPLIED TECHNOLOGIES

Key Research in Horticulture, Landscaping, Forestry and Plant Biotechnology
Special event: 35 Years of Genetic Engineering in Timisoara

<https://jhfb.ro/index.php/jhfb>

TOPICS:

Horticulture, Landscaping, Forestry, Plant biotechnology

VETERINARY MEDICINE

Global challenges and solutions for animal and public health in One Health context

www.rjvs.ro

TOPICS:

Fundamental sciences in veterinary medicine, Pathology of livestock animals, Pathology of pets and others species, The food safety and quality, Veterinary management and legislation

MANAGEMENT AND RURAL TOURISM

Management of sustainable rural development

<https://www.lsma.ro/index.php/lsma>

TOPICS:

Agricultural management, marketing and consultancy
Economics and rural development
Agricultural finance, accounting and legislation
Tourism

FOOD ENGINEERING

Food Chemistry, Engineering & Technology

www.journal-of-agroalimentary.ro

TOPICS:

Food science & technologies, Food control & expertise, Functional foods, Food safety, Natural compounds and plant extract

BIOENGINEERING OF ANIMAL RESOURCES

Biotechnology and Animal Science

https://www.spasb.ro/index.php/public_html

TOPICS:

Biotechnology, Animal feeding and nutrition, Animal reproduction, Aquaculture, Ecology, Ethology and animal welfare, Fundamental sciences in animal husbandry, Genetics and animal improving, Grassland and fodder crops, Management and marketing, Processing of animal production, Technologies applied in animal husbandry

The registration of the papers is done online, on the conference sections website (www.arls.ro) according to the calendar :

ABSTRACT SUBMISSION
12.04.2026

PAPERS IN EXTENSO
03.05.2026

LAST DAY FOR FEE PAYMENT
10.05.2026

The format of the papers must follow the format of the journal chosen for publication (see section's link).

Conference participation fee, which includes Conference Certificate and publication of the paper : **400 lei (80 euro)**.
